60 min	460.00	160.50	299.50	59.90

Medicare Safety Net: Many families who have recently had a baby or undergone fertility treatment may have reached the Medicare Safety Net threshold. Check your Medicare details in myGov, as you may be eligible for a higher rebate.

Please note: Fees and Medicare rebates may vary depending on the consultation type & the time spent with each patient.

* If your baby is not eligible to be bulk billed, an additional fee will apply for the baby's consultation.

Payment: No credit card surcharge applies.

The term "mum" is used for simplicity, as most consultations involve a breastfeeding mother and baby. I warmly welcome all parents, carers and families and provide inclusive care regardless of gender, identity or family structure.
